

## **Sitemap**

The sitemap provides a visual representation of the Thread & Tide website and shows how the main pages are organized and connected. The structure was planned to keep the website simple and easy for visitors to navigate. The Home page acts as the main starting point, with links to the About, Services, Products, Enquiry and Contact Us pages.

### **Website Page Structure**

#### **Home – index.html**

The Home page introduces Thread & Tide, provides a short overview of the store, displays featured products and gives users a link to view the full product range.

#### **About – About.html**

The About page provides information about Thread & Tide, including the organization's background, mission, vision and target audience.

#### **Services – Services.html**

The Services page explains the different services provided by Thread & Tide, including clothing collections, product information and customer support.

#### **Products – Products.html**

The Products page displays the clothing categories available from Thread & Tide, including tops, bottoms, dresses, jackets and accessories.

#### **Enquiry – Enquiry.html**

The Enquiry page contains a form that allows customers to submit questions about products, orders, delivery, returns or other enquiries.

#### **Contact Us – Contact Us.html**

The Contact Us page provides contact information, store locations, opening hours, location information and a contact form.
